Base map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry was compiled from NOS multibeam and conventional hydrographic surveys (see index) which comply with International Hydrographic Organization (IHO) Special Publication 44 accuracy standards at those used at the date of the survey. As this map is not maintained through Notices to Mariners updates for hazard and navigation aid information, this product is not intended for navigational purposes. For navigation safety, mariners must use nautical charts.

Universal Transverse Mercator Projection and Grid. Zone 10, 120°W meridian (∪.S.) are shown inside the neatline.
