

# BATHYMETRIC MAP

Base map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry compiled from NOS hydrographic survey data (see index) which comply with International Hydrographic Organization (IHO) Special Publication #1 accuracy standards or those used in the date of the survey. This information is not intended for navigational purposes.

University of Texas Marine Study Station (UTMSS) 10,000 Meter Tides (-) are shown inside the coastline.

Offshore bathymetry survey data, printed in red, compiled by the Minerals Management Service. Heavy lines indicate limits of NOAA Outer Continental Shelf Official Projection Diagram. The projections on this map are not for Federal Survey purposes; for such purposes refer to the OCS Official Projection Diagram available from the Minerals Management Service.

**HYDROGRAPHIC SURVEY INFORMATION**

DATE	DEPTH	DEPTH	DEPTH
