

Bathymetry was compiled from NGS Hydrographic Surveys (see index), supplemented by other hydrographic sources. NGS Survey data complies with International Hydrographic Organization (IHO) Special Publication 44 accuracy standards and/or standards used as of the date of the survey.

Look for sufficient data on portions of this map require the use of generalized depth contours.

Universal Transverse Mercator Grid, Zone 18, 10,000 Meter Scale (1:10,000) are shown inside the mapline.

HYDROGRAPHIC SURVEY INFORMATION

DATE	NO. OF SOUNDINGS	NO. OF OBSERVATIONS	NO. OF OBSERVATIONS
1977	1,000	1,000	1,000
1978	1,000	1,000	1,000
1979	1,000	1,000	1,000
1980	1,000	1,000	1,000
