

Base map information including bathymetry was compiled by the National Ocean Survey (NOS). Bathymetry is compiled from NOS hydrographic surveys supplemented by other bathymetric sources (see index). NOS hydrographic survey data complies with International Hydrographic Organization (IHO) Special Publication 44 survey standards or those used at the date of the survey. This information is not intended for navigational purposes.

General Transverse Mercator Grid: Zone 18, 15,000 Meter Ticks (—) are shown inside the mapline.

Offshore protection survey data, printed in red, compiled by the Bureau of Land Management. Heavy lines indicate limits of BLM Outer Continental Shelf Official Protection Diagram. The protection on this map are not for Federal Licensing purposes; for such purposes refer to the OCS Official Protection Diagram available from the Bureau of Land Management.
