# BATHYMETRIC MAP

BERING SEA  
AKUTAN NORTH

Base map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry compiled from 1925 hydrographic survey data last used in conjunction with International Hydrographic Organization (IHO) Special Publication 44 accuracy standards as most current of the date of the survey. This information is not intended for navigational purposes.

Universal Transverse Mercator Grid, Zone 18, 1000 Meter Scale (UTM) are shown inside the map.

Official parameter survey data, printed in 1988, compiled by the Alaska Management Service. Heavy lines indicate lines of 1000 Meter Contour Interval (MCI) Official Transverse Mercator. The projections on this map are not for Federal Licensing purposes. For such purposes refer to the OCS Official Publication Diagram available from the Alaska Management Service.
