BATHYMETRIC MAP

GULF OF ALASKA
PORTLOCK BANK

Base map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry was compiled from NOS hydrographic survey supplemented by hydrographic information from other sources (see index). NOS hydrographic surveys comply with International Hydrographic Organization (IHO) Publication 43 accuracy standards as those used at the date of the survey. This information is not intended for navigational purposes.

Vertical Tides were Measured (and zero is 1000 meters high) (1) are shown inside the outline.

Offshore protection survey data, printed in red, compiled by the Minerals Management Service. Heavy lines indicate limits of MMS Outer Continental Shelf (OCS) Protection Diagram. The protection lines on this map are not for Federal Licensing purposes, for such purposes refer to the OCS Outer Continental Shelf Diagrams available from the Minerals Management Service.

HYDROGRAPHIC SURVEY INFORMATION

DATE	NO. OF SOUNDS	NO. OF STATIONS	NO. OF OBSERVATIONS
1987	100	1000	10000
